*/  
// Use commas in a for statement.  
  
using System;  
  
public class Comma {  
public static void Main() {  
int i, j;  
  
for(i=0, j=10; i < j; i++, j--) Console.WriteLine("i and j: "  
+ i + " " + j); } } [/csharp]
```
