

use the overloaded less than operator (<) to compare two DateTime instances

```
using System;

class MainClass {

public static void Main() {
DateTime myDateTime3 = new DateTime(2004, 1, 13);
DateTime myDateTime4 = new DateTime(2004, 1, 14);

bool    boolResult    =    myDateTime3    <    myDateTime4;
Console.WriteLine("myDateTime3 < myDateTime4 is " +
boolResult); } } [/csharp]
```
