

TakeWhile with expresion

```
using System;
using System.Linq;
using System.Collections;
using System.Collections.Generic;
public class MainClass {
public static void Main() {
string[] presidents = {"1234567890123", "Art", "Buch", "Bush",
"Car", "land"};
IEnumerable items = presidents.TakeWhile(s => s.Length < 10);
foreach (string item in items) Console.WriteLine(item); } }
[/csharp]
```
