Windows command line, BAT file Compile java

1- Very important.

[crayon-663385fe0e13a560090184/]

[crayon-663385fe0e141597829103/]

To create a similar batch file, you should verify the full paths to any directories that you want to

add to your system PATH variable. Then you can make any necessary changes to this
example code, and save it as a batch file on your system.
You can download a copy of my batch file using this URL:

kutay.bat

[crayon-663385fe0e144255442047/]

How to Run,
