

Create a web service function that enrolls a user in a course, without knowing the id of the user, or the contextid of the course

Details

- Type:  Improvement
- Status:  Open
- Priority:  Minor
- Resolution: Unresolved
- Affects Version/s: 2.0.2
- Fix Version/s: None
- Component/s: [Web Services](#)
- Labels:

None

[crayon-6684c4d27d40b353949639/]

[crayon-6684c4d27d415403370527/]

moodleDir/enrol/manual/externallib.php

Besides this chunk I also added in some extra error messages:

moodleDir/enrol/manual/lang/en/enrol_manual.php
